

INT. BEDROOM - NIGHT

The camera turns on with night-vision. Joker stares into the camera and puts a finger to his lips. SNORING is heard in the background.

JOKER
Shhh. We have to be quiet.

He turns and looks around at his surroundings.

JOKER (CONT'D)
Lyle's sleeping.

JEREMIAH
Please, don't kill Lyle.

The Joker chuckles, moving away to reveal the bed where a sleeping Lyle is snoring. Joker makes his way over and gets into bed. Sitting on top of Lyle he leans over and grabs the nearby baseball bat.

JOKER
Wake up... Wake up, wake up, wake up.

The snoring stops as Lyle jolts, then slowly looks up.

LYLE
Wha-

JOKER
Go to sleep!

He hits him on the head with the bat, knocking him out.

INT. APARTMENT HALLWAY - NIGHT

Joker drags the unconscious Lyle down the hallway. He pushes through the doorway, struggling.

JEREMIAH
Wouldn't it have been easier if he were awake? Or was knocking him out really necessary?

JOKER
Of course it was. Duh! Do you think he wanted to feel this? Catch!

He sends Lyle down the flight of stairs.

JOKER (CONT'D)

Besides, I doubt Lyle would let you undress him while he was awake. Now...

JEREMIAH

What?

JOKER

Get him to the car, and get him dressed. We don't want to be late for dinner.
